

Stauffer Foundation Fund for Education Overview

The Stauffer Family Foundation has generously provided grant monies to the San Diego County Chapter of the Autism Society of America. This money will be used to offer scholarships to educate individuals caring for, or working with children or adolescents with an autism spectrum disorder.

The Stauffer Foundation Fund for Education offers scholarships for **autism specific** conferences, training, or seminars. Per the Foundation, scholarships may be awarded to teachers, aides, school administrators/personnel or caregivers who have a role in the care and/or education of a child(ren) or adolescent(s) with an autism spectrum disorder.

The Stauffer Foundation Scholarship program is administered by the San Diego County Chapter of the Autism Society of America (SDASA). To be eligible for a Stauffer Fund Scholarship you must be currently working with a child(ren) or adolescent(s) with an autism spectrum disorder **and** be an SDASA member. Scholarships may cover up to \$250 of the registration fee per calendar year **only** and may not be used for class materials, hotel, transportation or incidentals.

Scholarship awards are at the discretion of the SDASA Scholarship Committee and the Board of Directors and are based on eligibility, position, merit, and number of children benefiting from the training. Any deviation of criterion or process is at the discretion of the SDASA Board of Directors and will require a majority vote. Completion and submission of scholarship application to meet the regular registration deadlines (no late fees will be paid), including Board review period, is entirely the responsibility of the applicant. No checks will be made directly to individuals.

Please complete the attached forms to apply for the Stauffer Fund Scholarship. If you are not a member, and would like to join in order to apply for the Stauffer Fund, visit our website to become an SDASA member.

Any questions should be directed to the SDASA office.
